Introduction:

Since the fall of Talafar, Sinjar and Mosel, families fleeing the fighting have lived in the area around Dohuk temporary structures, unfinished buildings and Tent camps .

Many of children lost their father and mothers according statistic data of Dohuk directorate of social care 617 orphan children are living in Shekhan ,Khanke , Sharya ,Mamlyan ,Kanilane , Bersive IDPs camps .

For one year directorate of social care is working on collection of date and legal registration of IDP orphans in tent camps, their concentration was on foster family system, Foster care is a system in which a minor has been placed into a ward, group home, or private home of a state-certified caregiver referred to as a "foster parent". The placement of the child is normally arranged through the government or a social-service agency, care include provision of security and safety required for the child to grow naturally, psychologically and physically .Dohuk directorate of social care sees foster family system as a best alternative system for the child who has lost his/her family care.

Reasons behind the abnormal number of orphan:

Mr zeravan is a psychologist and responsible for affairs of Orphan IDP children in Dohuk directorate of social care he referred to some reasons behind the abnormal number of orphan children among IDPs specially Yazidis as bellow:

- Many of the Yazidi children lost their father and mother in 2007 in terrorist car bomb against Yazidi towns of Kahtaniya and Jazeera (Siba Sheikh Khidir) due to the suicide car bomb approximately 600 Yazidi lost their life and wounded 1,500 people.
- Also ISIS attack on Yazidi families in Sinjar and other areas in 2014
- Father and mother of some children are in Musil at the same time their children are in tent camps in Dohuk
- In some cases children's father and mother migrated to EU countries and their children are in Dohuk tent camps.
- Normally their father and mother have died
- Divorce , parents don't accept their children

Through interview Mr.Zeravan referred to psychological problem of the children and he said most of them have psychological problem they need psychosocial support, here our focus just is not on physical growth of children mentality of them also is important for us in addition to this he said all of them have economic problem it means they need economic support also Mr.Zeravan through interview gave me an example:

He said through our survey we found a family that the family had 2 children in addition to 4 orphan totally 8 person were under a tent camp, only father of family had ability to work and earn money.

Difficulties and problems of orphan:

Also in other interview with Jiyan Mustafa in directorate general of social care we got more information about orphan children, she referred to following points among orphan:

- 1. The lack of protection and services
